1. Instructions

Liability

Datamax-O'Neil cannot be held responsible if safety instructions and, generally speaking, basic safety rules for using and servicing these products are not followed.

Any modifications carried out may be counter to product compliance and the relevant safety standards. Therefore, Datamax-O'Neil cannot be held liable for any malfunction or damage caused by any modification unless recommended by DATAMAX-O'NEIL, or for any incident arising from use of the product for any purposes other than those for which it is designed. It is the sole responsibility of the user to take the required precautions.

Use

Only use Datamax-O'Neil original spare parts and consumables (ribbon, cleaning products, servicing products).

Other types of consumables should not be used without Datamax-O'Neil's written approval, and any consequences shall be under the entire responsibility of the user.

Servicing

Always unplug the printer from the electrical outlet before performing any maintenance.

Use appropriate tools for any work on the electrical circuits.

We recommend that the repairs be carried out by persons who have been given the technical training proposed by Datamax-O'Neil.

CAUTION

Lithium Battery: There is a danger of explosion or fire if the battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer. Discard used batteries according to the manufacturer's instructions.

Information in this document is subject to change without notice and does not represent a commitment on the part of Datamax-O'Neil Corporation. No part of this manual may be reproduced or transmitted in any form or by any means, for any purpose other than the purchaser's personal use, without the expressed written permission of Datamax-O'Neil Corporation.
